Dear The Federal Communications Commission,

Congratulations on your appointment to Chair the FCC. In your new leadership role, I urge you to support the "Fair Share Plan" as a solution to current concerns with the Universal Service Fund (USF). The Fair Share Plan will keep the USF fair, ensuring that consumers like me do not pay the same rate into the USF as big businesses, regardless of how little I may use long distance.

Dear Mr. Chairman, there was already an email prepared for me to agree with, but I need to speak for myself. I am 16 years old and my family wasn't fortunate enough to purchase a cell phone for me with a monthly bill. All the teens at school have cell phones with bills. So my dad bought me a tracfone and it stays with me all the time. Now I hear the FCC is threatening to higher the taxes. Please dont for those who cant afford it---like myself. Thank you.

Sincerely,
